Maps

Maps should always be made as concise as possible and should include an inset showing the location of the area discussed in relation to its home country or continent.

Figures - maps, graphs, illustrations and photographs

We accept high-resolution images in color or black-and-white in EPS, TIF, or JPG formats (300 dpi at the size which you would like to have them printed). All maps, graphs, illustrations, and photographs should be submitted in a file or files separately from the main text. Please list the captions/legends at the end of the main text or in a separate Word document. In the case of photographs, please provide the name of the photographer. We encourage high quality photographs of the species that are the object of the manuscript.
